

Travelling with a caravan can be unnerving and potentially dangerous if strong cross winds and wind buffets from large trucks and buses results in your caravan swaying. The Hayman Reese Sway Controllers gives you peace of mind by giving you extra stability against sway on your travels.

The **Hayman Reese Sway Controllers** are designed to be used in conjunction with the **Hayman Reese Weight Distribution Systems** and prevents trailer sway by retarding the pivotal movement between the tow hitch and the caravan. Therefore with a **Hayman Reese Sway Controller** you can relax and enjoy towing your caravan without the unnerving caravan sway.

Hayman Reese supplies two models of Sway Controllers;

The Hayman Reese Friction Sway Controller

The **Hayman Reese Friction Sway Controller** manages sway by using friction material and a sliding bar with an adjustable lever to regulate the movement of the caravan. The **Hayman Reese Friction Sway Controller** can be used with **Hayman Reese Weight distribution Systems** 550lb and 750lb models and are perfect for caravans up to a 200kg ball weight. The Hayman Reese Friction Sway Controller has a RRP of \$386.

The Hayman Reese Dual Cam Sway Controller

The **Hayman Reese Dual Cam Controller** relies on two mechanical cams affixed to the underside of the **Hayman Reese Weight Distribution System's** spring bars and through tension in the snap up chain provides resistance for the caravan to rotate. The **Hayman Reese Dual Cam Controller** is fitted in conjunction with a **Hayman Reese** 550lb, 750lb or 1000lb systems and is ideal for caravans with ball weights of 200kg plus. The Hayman Reese Dual Cam Controller has a RRP of \$548.

When purchasing a tow vehicle and caravan, no expense is spared to attain exactly what's desired for the impending travels, with most caravanners forking out over \$110,000 for a typical car and caravan setup. So make sure you've got **Hayman Reese** the towing specialist protecting those valuable assets and giving you peace of mind on your holiday.

The only thing that should come between your car and caravan is Hayman Reese.

Hayman Reese Sway Controllers are part of an extensive range of **Hayman Reese** products and are available from **Hayman Reese Distributors** nationally. To find your nearest dealer visit www.haymanreese.com.au
